Falcon Peak - Counter-Unmanned Aerial Systems

Subscribe 0

Gen. Gregory Guillot, Commander, North American Aerospace Defense Command and U.S. Northern Command hosted distinguished visitors at Falcon Peak on Fort Carson, Colorado, Oct. 30, 2024. Falcon Peak is a USNORTHCOM led counter-small unmanned aircraft system experiment and the first Department

of Defense C-sUAS initiative focused on detecting, tracking, and mitigating sUAS incursions at DoD installations in the United States. Falcon Peak occurred between Oct. 19-30, 2024. (U.S. Department of Defense photos by Josh Armstrong)
